DAUGIRDAS OLD CITY HOTEL
has been recognised as
The Hotel of the Year 2007 in Lithuania

A new, business class four star hotel "Daugirdas" established in the very heart of Kaunas old town, on the corner land plot of Daugirdo st. and Jėzuitų Alley, in a restored 16-19 c. building on the confluence of the biggest Lithuanian rivers, 50 m from the Town Hall. Most of visitable places and famous historical monuments of Kaunas can be reached on foot. These include the symbol of the town- the Town Hall Square, the gothic monument- the Thunder House, Vytautas Magnus Church, Kaunas Castle, museums, and the centre of the town with the famous Freedom Avenue.

Hotel "Daugirdas" is the second hotel of JSC "Perkūno namai", a company with 12 years' experience in the accommodation and restaurant business. The complex is designed of two glass-roof linked buildings- an authentic 16-19c. building and a newly built architecturally matched construction. A 170 m² lounge on the first floor next to the reception imitates a town street with street torches and an outside café with 16 sitting places.

There are 48 rooms in the hotel, 25 of which are in the restored part of the building. Here you will also find an impressive Gothic Suite with painted frescos, sauna and Jacuzzi. The new part of the hotel consists of 23 rooms. All rooms are air-conditioned; include mini bars, satellite TV, free external and wireless internet connection, two telephones (in the room and in the bathroom). There are rooms for non-smokers and disabled people in the hotel. Bathrooms are equipped with nonsolid floor; business class rooms have both, a bath and a shower. The bathroom floor is heated; hairdryer can be used in the bathroom and in the room.

Three restaurant halls have been designed in the gothic vaults of the 16 c. - "Baltoji" ("The White") with an antique fireplace where 48 guests at the same time can have breakfast, lunch or dinner. For a banquet we can prepare 72 places. In the "Flambé" hall dishes, in the presence of the guests, will be prepared on the open fire. The hall accommodates 18 people or up to 22 guests during a banquet. It is a wonderful place for business dinners or closed evenings with friends. It can be easily converted into a meeting hall. Hotel's Wine Cellar offers to the guests an extensive collection of specific wines (over 200 bottles) stored in special wine cupboards with temperature correction for red and white wines separately. Wine sold in glasses is poured with a special device which inhibits oxidation processes. Wine tasting and training

cessions will be organized for those interested in wines. This cellar accommodates 18 sitting places.

There are 3 bars in the hotel- "Miesto baras" ("The Town Bar") is a perfect place for a conversation accompanied by an easy snack on the first floor next to the reception (32 sitting places), the bar in the basement is designed to service participants of seminars and conferences, and "Panorama Bar" is a 16 sitting places cocktail bar in the balcony on the fourth floor with a view to old-town roofs and a huge 195 m² outdoor terrace which is a perfect place for cocktail evenings during summer.

The hotel also offers a modern conference hall accommodating up to 120 people and a little gothic one for up to 30 people

The conference hall can be used as a ballroom with 8 round tables for 10 people or up to 90 people by integrated tables.

We can pick up guests from Vilnius or Kaunas airport for extra cost.
