

CALL FOR PAPERS

The 7th International Conference on Electrical and Control Technologies

May 3-4, 2012, Kaunas, Lithuania

<http://www.ktu.lt/ect>

Dear Colleagues,

You are invited to submit your papers to the following International Conference on Electrical and Control Technologies (ECT-2012).

The International Conference "Electrical and Control Technologies ECT-2012" is the continuation of series of annual conferences on electrical and power engineering, electrical drives and control technologies held earlier in Kaunas Polytechnic Institute and from 1990 in Kaunas University of Technology. The aim of the Conference is to create the forum for presentations and discussions in order to consider the newest research and application results of investigations on electrical and power engineering, electric drives, power converters, automation and control technologies.

Topics:

- Technologies of power engineering
- Operating conditions of power systems
- Protection and automation of power systems
- Renewable energy and distributed systems
- Electricity markets, regulation, policy and economics
- Demand side management
- Design of electrical machines
- Characteristics of electrical machines
- Design and investigation of electrical drives
- Electricity: theory and practice
- Automation problems and solutions
- Devices and systems of digital control
- Intelligent and adaptive control systems
- Systems simulation and identification
- Process simulation and control
- Fault detection and identification
- PLC applications
- Systems with real time control
- Data acquisition and supervisory control
- Distributed control systems
- Computer-aided design of control systems
- Railway automation systems
- Wireless automation

Contributions

Those Colleagues who are interested in participating in the Conference should register by submitting the registration forms to the Organizing Committee.

The registration form is available at: <http://www.ktu.lt/ect/registration.php> .

After the Organizing Committee reviews the registration forms, detailed instructions on how to prepare the materials to be printed in the Conference Proceedings will be sent to the authors. The submitted manuscripts must be written in 4 or 6 pages of the European A4 format, single-spaced, 2-columns, written using the 10-point Times New Roman fonts.

After the reception of the manuscripts by the Organizing Committee and their review, the remarks of reviewers will be sent to the authors. The final version of the manuscript must be prepared considering these remarks.

The submitted papers will be divided into the areas according to the topics previously listed.

Working Languages

The Conference languages are English and Lithuanian.

Timetable

- 13 February 2012 – submission of registration forms
- 5 March 2012 – manuscript submission
- 12 March 2012 – notification of manuscript's acceptance
- 26 March 2012 – registration fee payment and submission of final version of manuscript
- 23 April 2012 – announcement of preliminary conference program
- 3-4 May 2012 – ECT-2012 Conference

Information for Participants

The International Conference on Electrical and Control Technologies will be held in Kaunas on 3-4 May 2012.

The registration fee for the first paper is 120 EUR for foreign authors or 350 LTL for authors from Lithuania respectively. If the same author or the same authors' group submits more than one paper, the fee for the second and next papers is 50 EUR or 150 LTL for each additional paper respectively. The registration fee includes attendance at the Conference, edition of the Conference materials, representative fees, alimentation (coffee breaks, two lunches and gala dinner) and social program. *This fee does not include accommodation payment.* The registration of the participant will be valid only in case if the payment is transferred until the noted date.

Further information about the Conference will be sent to the authors and pre-registered participants in February 2012.
