7TH INTERNATIONAL CONFERENCE MECHATRONIC SYSTEMS AND MATERIALS

An invitation to submit papers and attend the
conference to be held in Kaunas, LITHUANIA
7 - 9 July, 2011

THE 7TH INTERNATIONAL CONFERENCE MECHATRONIC SYSTEMS AND MATERIALS MSM 2011

Aim

The aim of the conference is to provide an opportunity to share information and facilitate co-operation in mechatronics and new materials and dissemination of current research results in this multi-disciplinary field.

Conference Venue

MSM 2011 will be organized in Kaunas. Kaunas with nearly 350 000 inhabitants is one of the most significant cities of Lithuania. It is not only a city of old traditions, but also large centre of business and industry. It can also claim to be a city of young people with over 35,000 students studying at six state universities. Hundreds of years of cultural heritage are preserved in the historical and architectural monuments, museums, theatres, art galleries and churches.

TOPICS OF CONFERENCE

Mechatronic Systems

- Robotics: Industrial, Microrobotics, Mobile Robots
- Applications of Artificial Intelligence
- Sensors and Actuators in Mechatronics
- Control of Mechatronic Systems
- Vibration Analysis
- Optimization, Optimal Design
- Integrated Diagnostics
- Failure Analysis
- Tribology in Mechatronic Systems
- Signal Analysis
- Measurement Techniques

Materials (properties, modelling, manufacturing and processing)

- Multifunctional and Smart Materials
- Metallic Alloys
- Biomaterials
- Functional Composites

- Adaptive Materials
- Piezoelectric Materials
- Nanomaterials
- Ceramics and Glasses

Education

- New Trends in Mechatronics and Material Science Education
- New Curricula for Bsc, MSc and PhD degree programmes of Higher Education in the Fields of Mechatronic Systems and Material Science
